

MyLines®

Apps for Cast + Crew

StagePro™ App

Stage Managers, Directors, Theatres: Do you find managing a production a chore? Tired of endlessly re-marking your blocking, sound cues or lighting cues with paper and pen? Do you want to communicate with your cast quickly and easily? **The solution: Manage, Communicate, and Block your production with the StagePro™ app!**

Pre-Production Planning Tools

- Organize contact lists for the production.
- Identify the actors in each scene for scheduling, i.e. “doubling up.”
- Manage property lists, costume lists, equipment lists, to do lists.
- Create calendar for planning.

Rehearsal Tools

- Use drag-and-drop to add blocking directions for each line of the script.
- Add rehearsal notes for any line of the script.
- Page numbers and line numbers for precise reference.
- Add light, sound, and other cues.
- Share information with specific members or the entire team, via the MyLines® app for the cast and the StagePro™ app for the crew.
- Manage Sign-In Sheets, Blocking, Casts, To Dos, Props, Costumes, and More!

Production Tools

- Call lighting, sound and other cues.
- Manage and share across all platforms (Web, Apple and Android apps).
